

COLLEGE OF HUMAN KINETICS

UNIVERSITY OF THE PHILIPPINES
Diliman, Quezon City 1101

August 24, 2026

**Golden Gays Manila
Foundation**

57 Antipolo St. Pasay City, 1301
To whom it may concern

Dear Sir/Madam,

We are NSTP-CWTS students from the University of the Philippines College of Human Kinetics, Diliman, Quezon City. As part of our academic requirements, we are tasked to implement our nation-building community engagement project entitled “**Rampanalo: Audiovisual Art as a Celebration of Pride and Power for the Home of the Golden Gays**”. Said student initiative shall be held on October 5, 2026, with the aim of fulfilling the following objectives:

1. Produce a documentary about the Home of the Golden Gays;
2. Promote self-expression and creativity through movement, performance art, and fashion;
3. Provide a platform for elder queers to share their stories and perceive solidarity from the queer community;
4. Strengthen overall support for the queer community and increase awareness for the struggles and experiences.

Crucial to the accomplishment of these objectives, we kindly request your support in facilitating the production and filming during the first two weeks of October at your foundation. The project will involve at least twenty local participants, all of whom are residents and beneficiaries of your foundation, and whom we envision to benefit greatly from this initiative. We have attached our planned itinerary details for your perusal.

With this juncture, may we respectfully request on your good end, your consent to be interviewed, filmed, and to allow us to document your location and beneficiaries, to help us realize our nation-building project within the stated time period? Your kind assistance would mean a great deal to us, as it will not only help us fulfill our academic requirements, but also enable us to achieve our nation-building aspirations and, more importantly, deliver the intended benefits of our project to the community.

Thank you very much!

Very truly yours,

Christa Liofe Ducos
